-
-

HWES PTSO: Absent

-
-
-

Old Business:

- Bus protocol for off-post students: Reported that we will still work with Student Transportation with better student protocol if student is not allowed off the bus due to no adult to pick them up.
- Running elections for more SAC members: Elections announcement will start in April
- Fourth grade grading procedure communication policy: Administrators will ensure that fourth grade teachers will include this in their information they give/send out to parents at the beginning of the school year and remind parents throughout the year.
- YouTube at lunch: We are down to one educational video on Friday, with talent shows on Tuesday and Thursdays, and Monday and Fridays, we will let students visit, which they do on the other days also.
- IEP data-driven communication protocol: A Parent University was advertised through Facebook, in our Osprey Nest Newsletter, and on Talk to Us Tuesdays. We had several of the other services ready to present, as well as dentist from the base, and we had one parent, our SLO came and attended.
- Gifted services communication protocol

New Business:

- No. New Business
-
-

Open Forum:

- No Discussions
-
-
